

Monday 14<sup>th</sup> December

Dear parent or carer,

Late on Friday, the Government changed the advice on isolation revising it from 14 days to 10 days from last point of contact.

After seeking advice from the DfE Coronavirus Helpline, NHS Track and Trace and the Local Coronavirus Response Centre, and given the significant number of recent positive cases in year 2, our Governing Body has made the decision to maintain as planned the **closure of Year 2 for the remaining few days of this term** and continue with online lessons, in the interest of the safety of all.

This is because:

- We have 9 positive cases now reported in Year 2;
- Several of our Year 2 staff have recently tested positive and are not able to work;
- We cannot risk further spreading of the virus by bringing back pupils and staff who may have the virus but are not showing any symptoms.

Lessons on Teams will continue until Friday 18<sup>th</sup> December.

This change does however mean your child can stop isolating on the 15<sup>th</sup> December as long as your child is well and displays no symptoms.

If your child is well at the end of the 10 days period of self-isolation, then they can return to usual activities.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 10 day self-isolation period.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person

<https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>

### **What to do if your child develops symptoms of COVID 19**

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119 .

People who do not have symptoms should not request a test unless this has been specifically requested by Public Health England or the local authority.

All other household members who remain well must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

The 10-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period

Please see the link to the PHE 'Stay at Home' Guidance:

## **Symptoms of COVID 19**

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

**For most people, coronavirus (COVID-19) will be a mild illness.**

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

**Executive Head Teacher:** Mr A.Sunner

**Head of School:** Mr J.Downs

## **How to stop COVID-19 spreading**

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

### *Do*

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

## **Further Information**

Further information is available at

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

We hope to see your child back at school on Tuesday 5<sup>th</sup> January.
