Monday 26th April 2021

Dear parent/carer,

Maths Passports

To develop and improve children's mental maths skills we are introducing Maths Passports in Reception, Year 1 and Year 2 this week.

Every Monday children will be given a maths passport sheet to take home which shows which continent they are visiting that week and that week's target. This sheet does not need to be brought back in to school.

Every Friday, teachers will check if children have learnt that week's target.

Please support your child by going through their maths passport target with them at least three times each week and practising those skills. This could be in the car, at teatime, in the bath, before bed... anytime! It does not need to be a formal, sit down session. If your child is feeling confident, you could challenge them by timing how quickly they can recall the target.

Should you have any queries regarding the Passports, please do not hesitate to contact your child's class teacher.

Mr Sunner
Executive Head Teacher

Mr Downs
