## Rights Respecting Schools Article of the week

Article 24 – Health Care - ensures that every child has the right to the best possible health.

Governments must provide good quality health care, clean water, nutritious food, and a clean environment and education on health and well-being so that children can stay healthy.

As a family you could support the learning of this Right by;

- Discussing all the things we need to keep healthy including; food, water, exercise, sleep, mental health, keeping clean, health care and oral health care.
- Create a healthy meal together for your family to enjoy.
- Do some exercise as a family, this could be going on a walk, creating an obstacle course in the garden, learning a dance routine together.

Email your class teachers what you have done as a family we would love to see it.
